Presentation – Brooks Insurance Agency, Managing Total Cost of Risk:

- Business Insurance and Workers compensation costs can be one of the highest business expenses companies can experience. Being proactive to help manage these costs is critical to the success of any business. Since Ohio is a monopolistic state for Workers Compensation, many employers choose to participate in group rating programs which help reduce overall WC premiums. Each year, the AC3 application deadline is in February that allows third party administrators to consider you for group rating acceptability. Listen to Amanda Geletka and John Hunt from Brooks Insurance Agency as they recommend company strategies that help manage and control your total cost of risk.
