

“Green” Gardening Practices

Plastic Garden Container Recycling

Maumee Valley Growers are providing an opportunity for growers and gardeners to recycle the pots, trays, and other plastics which often stack up in basements and garages. Just clean out your pots, flats and trays and bring them back to a participating greenhouse to be recycled. Simply place containers in designated collection bins.

What can be recycled?

- Tray Flats
- Cell Packs
- Plastic Pots and Containers

How to prepare: Washing pots is not required, but make sure as much dirt as possible is cleaned out of the container.

EXAMPLES OF ITEMS ACCEPTED

Plastic Pots of any size:

Cell Packs:

Flats & Plug trays:

Please contact Maumee Valley Growers for list of participating greenhouses at www.maumeevalleygrowers.com or 419.530.3591.
