 - Treasurer
- Committee Structure – Discussion/Suggestions
 - Business – Walt Krueger
 - Energy Program– Kirk Mizerek
 - Recycling – Paula Ross
 - Education – Beth Fausey
 - Government/Public Relations – Dick Bostdorff, Neil Reid
 - Marketing – Tom Wardell
- New Business
- Presentations
 - Mike Hopkins from Welch’s Golf Carts in Perrysburg is our area "Big Bag" distributor and currently working with several of our MVGA growers. He would like to take a few minutes updating us on his new program. They also sell used and new golf carts for employee logistics. <http://www.welchsgolfcarts.com>
 -
 - John Sites from EcoTrust Energy provides an energy conservation device called PowerwoRx e³. <http://www.ecotrustenergy.com/default.aspx> It’s a clean power system that can save grower’s money by managing electronic devices (motors) from surges, spikes and electrical noise.
 -
 - Peter Hug – Owner of Recombinant Innovation <http://www.rinucleus.com> has been working with several universities/agencies involving algae research. There may be a potential opportunity for an interested MVGA business to collaborate in the research, propagation (under glass) of algae for the purpose of large scale biodiesel, lubricant manufacturing, fertilizer, and biomass feedstock production.
